of the  
New Era District Association  
of the

Missionary Baptist State Convention of Missouri

Sister Jackie Brown, President    Rev. Michael Phillips, Moderator

The Women's Missionary Union of the New Era Baptist District Association is sponsoring several events for 2019.

The first event is our **New Era District WMU Winter in Spring Coat Drive**. The Lord has blessed the NED WMU to purchase 89 new coats and gloves for a fraction of the actual cost. We have sizes from newborn to children's size 18, for boys and girls.

We will donate a portion of the coats to area charities and others will go to our New Era District Clothes Closet to help anyone needing a coat in our local churches.

On April 8-9, 2019 our NED School of Missions was held at the Southside First Baptist Church in KCMO, where Rev. Raphael Williams is Pastor.

Our Study period came from the Psalms, and for our hands-on projects we completed the first phase of our **Socks for the Needy Drive**. We collected three boxes of socks. Two boxes will be sent to Rev. Francois Romelus' orphanage/church in Haiti. The remainder will be given to the City Union Mission Men's Shelter and the CUM Family Life Center.

Also during our 2019 School of Missions, we made 50 Port Pillows that were given to area hospitals. A grateful recipient shown above is with one of the Dialysis Centers in Kansas City. The 2019 hands-on project was led by Sister Tracy Reed, and Sister Barbara Spencer is our Mission Study Chairman.

In 2018, we sponsored our 1<sup>st</sup> NED WMU Day of Service to honor our 106<sup>th</sup> WMU Missionary Anniversary. This event was hosted by the St. Mark Baptist Church in KCMO where Rev. Stewart Johnson is the Pastor.

We made hygiene kits and collected clothes and shoes for all sizes, genders and seasons. We had Bibles, served food and offered prayer and spiritual counseling for all that expressed a need. Items that were not taken during the Day of Service event were later given to area charities and shelters. Our Laymen and Youth Mission assisted with our effort, and it was a blessed day in the Lord. We had several people express

a desire to learn more about becoming a Christian.

This photo features students from the orphanage in Haiti where we sent pillow case dresses that were made during our 2018 School of Missions.

Plans are already being made for our 2<sup>nd</sup> NED WMU Day of Service that is scheduled for May 18, 2019. Our local WMU's will go out by two's to area Nursing Homes to minister to the needs of the residents. We are encouraged by the cooperation between the churches and look forward to our fellowship with the residents. More to come after the May event.
