## ORATORICAL INFORMATION

---

**New Era District  
Children, Youth and Young  
adult Auxiliary**

**Pastor Gregory Nichols, Moderator**

**Dear Pastor/Youth Leader,**

The Youth division of YYA of the state of Missouri is sharing general information with churches within the New Era district.

This information covers requirements and curriculum that will be used and enforced at various events moving forward.

We realize that your Children and Youth are currently involved in other activities and programs. Hence, the information we have selected should supplement/enhance existing biblically based activities.

An oratorical contest is a wonderful way to teach and engage children, youth, and young adults how to celebrate the power of speech and expression.

Below please find information related to the **New Era District Oratorical Contest**.

Please share with all appropriate staff under your leadership.

We are strongly urging all churches to encourage their young people to participate in the **Oratorical Contest**.

Please instruct each contestant to fill out the “Entry Form” attached.

The date, time, place as well as more pertinent information will follow later.
